

# ESSENTIAL FOR BOXING TRAINING/COMPETITION

Comfortable to wear, environmentally friendly and non-toxic

## FIVE REASONS TO WEAR BRACES

**EVA MATERIAL  
ENVIRONMENTALLY  
FRIENDLY AND  
NON-TOXIC**

### Double layered thickened design

Thickened material can better shape after heating, achieving the purpose of protecting teeth.

### Curved groove design

The front curved groove design conforms to ergonomics, making it more comfortable to wear.

## EVA material, high elasticity and softness

After shaping, it is easier to fit the teeth, greatly improving comfort.

## Gift exquisite tooth protection box

You can print a logo on the tooth guard box to showcase your brand.
